

# Year 2 Home Learning Pack Week Beginning: 27.04.2020

#### Information for parents

This learning pack has been created to give you and your children a variety of activities and ideas to choose from while they are at home. We completely appreciate that many families will have a lot to manage at this time, so these packs have been put together as *ideas* to support your child's learning over the coming week. We have therefore compiled different activities that your child may wish to explore, depending on the time and resources that you have available.

When your children have completed different activities, you can upload them onto Google Classroom or Tapestry using their individual logins. However, if your child does work in separate books or on paper, this can be brought into school with them when they return. Work will not be formally marked but children will certainly be praised for all of the fantastic learning that they have achieved.

#### **Diary entries**

Alongside all of the ideas that we have set out in these learning packs, we feel that it would be really interesting for children to write their own diary entries over the coming weeks. Imagine looking back on what they wrote in 20 years and being able to share it with others!

# **English**

This week we would like you to focus on creative writing.

This is your chance to write about anything you want!

You could use these visual writing prompts <a href="https://www.twinkl.co.uk/resource/t-l-8624-story-settings-description-writing-frames">https://www.twinkl.co.uk/resource/t-l-8624-story-settings-description-writing-frames</a> and

 $\underline{https://www.twinkl.co.uk/resource/t-s-3564-picture-and-prompts-writing-template}$ 

There are some great story starter ideas to explore to give you some inspiration:

#### https://www.teachwire.net/news/creative-writing-prompts-activities-and-resources-for-ks1-and-ks2-english

(You will need to scroll down to Five Story Starters section)

If you are creating your own story, you might begin by creating a story map where you think about the characters in your story and plan out the events. You could use this planning frame to help you.

https://www.twinkl.co.uk/resource/t2-e-088-story-planning-frame

What will the title of your story be?

Where your story will take place? On a planet? In the country? In a house?

Who will it be about? Will there be re than one character?

When will your story take place? Now? In the future? In the past? (Think about the tense you will need to use)

The online storytelling tool 'Storycraft', offers video tips and inspiration from over 50 top children's authors including Julia Donaldson, Chris Riddell, Cressida Cowell and Jeremy Strong. Use this link.

https://www.worldbookday.com/storycraft/

Whilst you are writing, you could ask a grown up to set up some relaxing background music just like we do in class when we have creative writing sessions.

Remember to use your basic skills and your best presentation. Remember to check that you are writing in the correct tense. Can you use adjectives in your writing? Can you include different types of sentences like questions or an exclamation? Can you challenge yourself to use a range of punctuation in your writing, for example, question marks, exclamation marks, commas in a list and apostrophes?

You could write your story in short chapters, include illustrations or make your own book to write in.

We look forward to reading and seeing your wonderful work. Remember, creative writing means writing of any kind! Stories, instructions, poems, lists, labels...have fun!

# Maths

This week we would like you to visit the link: https://whiterosemaths.com/homelearning/

These White Rose Hub resources give you a video explaining the new concept, along with a number of activities to work through and then answers to check your work. We don't expect you to print the worksheets off, but it would be useful for children to show their workings and then check their answers.

Alongside these White Rose Hub activities, don't forget to use the following websites (using your individual logins) to practice other basic skills: Times Tables Rock Stars, Numbots and Education City

<u>Monday</u>	<u>Tuesday</u>	Wednesday	Thursday	<u>Friday</u>
White Rose Hub: Activity 1	White Rose Hub: Activity 2	White Rose Hub: Activity 3	White Rose Hub: Activity	White Rose Hub: Activity 5
	There are two main ways in which you can practice your spellings:  • Spelling Frame: <a href="https://spellingframe.co.uk/">https://spellingframe.co.uk/</a> • Learn the words on your spelling list (see information below) in fun ways, including: Look, cover, say, write, check, Rainbow writing, Bubble writing, Backwards writing, Pyramid writing, Silly sentences or Mnemonics  To find your year group's statutory spellings, Google: Year 2 Common Exception Word List Below is an example of ways in which you could learn your spellings each day:			
<u>Monday</u>	<u>Tuesday</u>	Wednesday	<u>Thursday</u>	<u>Friday</u>
Morning: Spelling Frame Rule 11  Afternoon: Bubble writing	Morning: Spelling Frame Rule 12	Morning: Spelling Frame Rule 13	Morning: Spelling Frame Rule 14	Morning: Spelling Frame Rule 15
spellings from the word list	Afternoon: Rainbow writing spellings from the word list	Afternoon: Pyramid writing spellings from the word list	Afternoon: Silly sentences with spellings from the word list	Afternoon: Look, say, cover, write, check with spellings from the word list
	Reading and Phonics  As you all know, reading is very beneficial to your education and nothing is better than escaping into a good book.  The expectation is that you are reading for at least 15 minutes per day. When you have finished reading, ask an adult to ask you some questions about what you have read.  Additional to this, you could visit the following websites:  Bug Club, www.phonicsplay.co.uk, Education City, Oxford Owl  Media Text: The Way Back Home			

Vimeo Link: https://vimeo.com/11725599

Watch the short animation, following the instructions below for when to pause the film. Ask an adult to help you. You may write your answers or talk about the story with a grown up.

Watch the opening of the film and pause after 25 seconds.

- 1. What shapes can you see on the rocket?
- 2. If you could fly anywhere in the rocket, where would you go? Can you explain why?

Continue watching. Pause the film after 40 seconds.

3. Can you write a sentence to describe space?

Continue watching. Pause the film after 1 minute 10 seconds.

4. What do you think the alien is trying to say to the boy?

Continue watching the film until the end.

5. Do you think the boy will ever see the alien again?

#### Remember to explain your answers as fully as you can.

YEAR 1 CHALLENGE	YEAR 1 CHALLENGE

#### **ADDITIONAL CHALLENGE**

#### **Space Crafts**

Have a go at some of the space crafts in the folder that has been uploaded to your Google Classroom page.

Try a cardboard tube rocket, a paper plate flying saucer or even a hand print alien!

# **Learning Challenge Curriculum/Topic Work**

Your key learning question is:

How can we grow our own salad?

This key learning question will last for 6 weeks. We would like you to create a project based on this key question to show what you have learnt and found out about this topic. Read below for different ways in which you could carry out your project, based on your interests:

#### If you like art:

- You could print patterns using fruit or vegetables i.e. potato printing
- Do an observational drawing of a piece of fruit or a vegetable.

Cut a piece of fruit/veg in half (something interesting like a tomato/apple) and draw the inside of it.

#### If you like writing:

- Write your own version of The Very Hungry Caterpillar and think about which foods were healthy and which were unhealthy.
- Plant seeds for vegetables and write some instructions for someone else to follow.
- Keep a food diary and talk about all of the healthy foods which you have eaten.

You could design and make your very own delicious salad – they don't always have to include lettuce!

#### If you like designing and making:

- Create a poster telling other people how to be healthy and which foods they could eat.
- Create models of healthy foods using playdoh.
- Make your own fruit kebabs
- Design your own fruit and vegetable seed packet
  - Design your own veg garden, you may want to include plans and a map. What veg would you like to grow? Make notes to help get started. What do we need? What veg go well together research companion plants. Are there natural ways to deter pests? Can you include vegetables that can be grown over autumn/winter? We can use your plans and ideas when we're back in Acorn class.

### If you like researching/ presenting:

• Contact family members over the telephone or skype etc and identify which is their favourite fruit or vegetable. You could collect your results in a tally char.

Extension – can you transfer the data into a bar chart?

- Find out which fruit and vegetables are grown in which countries around the world.
- Make a leaflet on a chosen fruit or vegetable. How do grow your chosen fruit/veg? What interesting facts can you find out? Where did it originate from?
- If you have spare seeds, what happens when you grow the same plant in different conditions? No light, grown in different material other than soil? Watered with food dye? Only watered a little? Given a

#### Other ideas:

- Now is the perfect time to sow seeds if your parents have any to spare.
   What can you grow? Can you take a cutting and grow that?
- Grow your own veg
   in a tray of water –
   bottoms/heads of veg work
   best celery, leeks, cabbage,
   lettuce, fennel
- Make your own bee hotel or wildlife habitat. There are lots of ideas and materials you can use.
- If you have a compost heap, wear gloves, take the plunge and have a good search! What can you see? Research what makes compost? What materials do you need? Have a go at making your own.

	limited amount of light a day? Can you grow seeds of the same plant like this and
