Primary School

Reception Home Learning Pack Week Beginning: 04.05.2020

Information for parents

This learning pack has been created to give you and your children a variety of activities and ideas to choose from while they are at home linked to their 7 areas of learning. We completely appreciate that many families will have a lot to manage at this time, so these packs have been put together as *ideas* to support your child's learning over the coming week. We have therefore compiled different activities that your child may wish to explore, depending on the time and resources that you have available.

When your children have completed different activities, you can upload them onto Tapestry using their individual logins. However, if your child does work in separate books or on paper, this can be brought into school with them when they return. Work will not be formally marked but children will certainly be praised for all of the fantastic learning that they have achieved.

Maths

Every week you can visit the link: <https://whiterosemaths.com/homelearning/>

These White Rose Hub resources give you a video explaining the new concept, along with a number of activities to work through and then answers to check your work. We don't expect you to print the worksheets off, but just work through the activities with your children.

Reading

Please keep sharing books with your children during the day and at bedtime. This helps promote a love of reading. Alongside this they can practise their phonics and understanding of books using bugclub.

	Monday	Tuesday	Wednesday	Thursday	Friday
Literacy development	<p><u>Phonics</u> Tricky words: out, what Can children read the words? Can children write words? Write down words in large writing on peices of paper and have them at opposite ends of the room. Can you run to 'what'? Can you skip to 'out'? Repeat with different ways of moving, they can read the word once they get there, then write the words on post-its/ small bits of paper.</p>	<p><u>Phonics</u> Looking at polysyllabic words. Tell the children this is when we can split a word into 2 parts to make it easier to read and write. Have a go at reading these words and notice where you would break the words into two parts to write or write them. Sandpit, windmill, lunchbox, helper, desktop. Do the children know what these words mean? Write the words on bits of paper and write over the words in 2 different colours to show how the words can split into two parts.</p>	<p><u>Phonics</u> Tricky words: oh, their Can children read the words? Treasure hunt for the tricky words. Hide the words around the house and they can find them and sort them into 2 piles. Can they put them into a sentence? Can they have a go at writing out, what. their and oh using their finger in a small plate of flour or icing sugar or glitter or sand?</p>	<p><u>Phonics</u> Remind the children that polysyllabic words are words that can be broken into two parts. Read the words together and underline the two different parts of the word. Have a go at writing these words , one part at a time: Handstand, melting, pondweed, lunchbox, sandpit.</p>	<p><u>Phonics</u> Silly sentence Friday. Using their phonics sounds (using sound mats) can children write a caption/sentence about this picture:  Can they read it themselves? Have they used finger spaces? Have you formed your letters correctly?</p>
Personal, Social, Emotional Development	<p>Share a talent: What talents do you have? Let your child practise and rehearse something they are really good at. This could be singing, dancing, football, throwing or catching...the possibilities are endless!</p>	<p>Share a talent: Can your child put on a show for the family? Maybe you could film this for tapestry?!</p>	<p>Share a talent: What talents does the family have? Can your child ask other memebers of the family to show them a range of talents.</p>	<p>Could you use technology to share your talents with other members of the family to spread a bit of joy? You could video your talents and send them in a message or share them via a video call.</p>	<p>Make a poster about your talents. Can your child draw a picture of themselves and write about the talents they have shared this week?</p>

Physical Development	<p>Make a healthy plate of food. What do you need to add to make it a healthy and balanced meal?</p> <p>Keep your body healthy with some exercise. https://www.youtube.com/user/CosmicKidsYoga</p>	<p>Keep your body healthy with some exercise. https://www.youtube.com/user/CosmicKidsYoga</p>	<p>Can you draw a picture of a healthy plate of food? Talk to each other about which foods you like and dislike and why it is important to eat a range of different foods.</p> <p>Keep your body healthy with some exercise. https://www.youtube.com/user/CosmicKidsYoga</p>	<p>Keep your body healthy with some exercise. https://www.youtube.com/user/CosmicKidsYoga</p>	<p>Do you have some magazines or leaflets that you could cut and stick to sort into healthy and unhealthy foods? You could even use paper plates to stick the pictures onto if you have any.</p> <p>Keep your body healthy with some exercise. https://www.youtube.com/user/CosmicKidsYoga</p>
Communication and Language	<p>Instructions.</p> <p>Can you spot the different features of instruction? Things you need/ ingredients, steps of a method.</p> <p>Look at a range of cook books and talk about how the instructions break the writing down into steps to explain to us how to make something.</p>	<p>Can you follow a simple set of instructions?</p> <p>Can you find a simple recipe and follow the instructions. Maybe you could make a cake or some playdough?</p>	<p>Can I put a simple set of instructions into the right order?</p> <p>Write out a simple set of instructions for making a sandwich on strips of paper. Read them to your child and see if they can put them in the correct order.</p> <p>What would happen if the steps were in the wrong order? Or one part of the writing was missing?</p>	<p>Look at your sandwich making instructions. Can you follow them to make your own sandwich?</p> <p>Maybe you could video yourself making it or take photos to share on tapestry?</p>	<p>Can you write your own set of instructions to tell someone how to make a sandwich the same as yours?</p>
Understanding the world	<p>What plants can you see growing? Go on a nature walk. What do you notice about the trees and plants at the moment? See if you can spot signs</p>	<p>What do plants need to grow?</p> <p>Talk about how you look after a plant by making sure it gets enough</p>	<p>Watch a video about the different parts of a plant. Go outside and look at real plants growing, can you name the different parts of the plant? Flower, leaf, stem and roots.</p>	<p>Watch the song about the needs of a plant. Can you sing along and make up some actions to go with the song?</p>	<p>Can you draw or paint a picture of a plant and write labels for the different parts of the plant?</p>

	of spring: plants growing, trees getting more leaves etc.	sunlight and water.	https://youtu.be/p3St51F4kE8	https://youtu.be/dUBIQ1fTRzI	
Expressive Arts and Design		Can you make a collage of flowers and plants? You could use colourful bits of paper to make your own flower.	Linked to Physical development: Drawing a picture or make a collage of a healthy meal.
