Year 1 Home Learning Pack Week Beginning: 18.05.2020

Information for parents

This learning pack has been created to give you and your children a variety of activities and ideas to choose from while they are at home. We completely appreciate that many families will have a lot to manage at this time, so these packs have been put together as *ideas* to support your child's learning over the coming week. We have therefore compiled different activities that your child may wish to explore, depending on the time and resources that you have available.

When your children have completed different activities, you can upload them onto Google Classroom or Tapestry using their individual logins. However, if your child does work in separate books or on paper, this can be brought into school with them when they return. Work will not be formally marked but children will certainly be praised for all of the fantastic learning that they have achieved.

Diary entries

Alongside all of the ideas that we have set out in these learning packs, we feel that it would be really interesting for children to write their own diary entries over the coming weeks. Imagine looking back on what they wrote 20 years and being able to share it with others!

English

This week we would like you to focus on

Diary writing

Diary Writing

- Little Red Riding Hood met a **wolf** in the forest
- Could you pretend to be the wolf and write his diary ?

- Watch this video it's the story from the wolf's perspective <https://www.youtube.com/watch?v=D9C56mFNp60>
- Eg Monday Today I was walking in the forest when I saw a pretty little girl.
She had a red coat on and the coat had a hood I think she was expecting rain.
- Could you use some 'describing words' in your diary to tell us how the wolf was feeling or what he saw?
- You could put a line under all the describing words in a coloured pen to see how many you have written
- If you don't want to be the wolf then maybe you could think about being grandma
- How would you write her diary?
- What was she doing that Monday morning before the Wolf came along?
- How did she feel?
- What did Little Red Riding Hood and her grandma do for the rest of the week?

Maths

This week we would like you to visit the link: <https://whiterosemaths.com/homelearning/>
These White Rose Hub resources give you a video explaining the new concept, along with a number of activities to work through and then answers to check your work. We don't expect you to print the worksheets off, but it would be useful for children to show their workings and then check their answers.

Alongside these White Rose Hub activities, don't forget to use the following websites (using your individual logins) to practice other basic skills: Times Tables Rock Stars, Numbots and Education City
