

Doddiscombsleigh
Primary School

Year 5 and Year 6 Home Learning Pack Week Beginning: 15.06.2020

Information for parents

This learning pack has been created to give you and your children a variety of activities and ideas to choose from while they are at home. We completely appreciate that many families will have a lot to manage at this time, so these packs have been put together as *ideas* to support your child's learning over the coming week. We have therefore compiled different activities that your child may wish to explore, depending on the time and resources that you have available.

When your children have completed different activities, you can upload them onto Google Classroom or Tapestry using their individual logins. However, if your child does work in separate books or on paper, this can be brought into school with them when they return. Work will not be formally marked but children will certainly be praised for all of the fantastic learning that they have achieved.

Diary entries

Alongside all of the ideas that we have set out in these learning packs, we feel that it would be really interesting for children to write their own diary entries over the coming weeks. Imagine looking back on what they wrote 20 years ago and being able to share it with others!

English

Y5 English task-This week, we are helping Mr Collings with a project by writing a persuasive letter (Y6 feel free to help with this too, if you can)

Y6 English task- This week, I would like you to begin working on your leavers assembly poem as we discussed in our meeting last week)

Grammar Tasks

This week you will be focussing on **relative clauses** and **using commas to clarify meaning and avoid ambiguity**. You will find the explanations and activities uploaded with your documents.

Written Piece Y5 (Y6, if you wish)

Mr Collings is beginning a project to improve Doddi's garden area opposite the bike store and pre-school and HE NEEDS YOU!

Our first thing to help with, is gathering materials for the project. To do this, we are going to write persuasive letters to local garden centres to ask if any can provide materials to help us...

Task- Write a persuasive letter to a garden centre to ask for donations of materials for our project.

What materials are we looking for? Mr Collings is looking for donations of compost, topsoil, plants and garden centre vouchers.

How do we write a persuasive letter?

I've attached a Powerpoint file to our assignment resource that guides you through the process of writing a persuasive letter step by step.

Thank you for helping with this project!

Written PieceY6
Leavers Poem

This task is difficult for me to set because I have not seen the style that your leavers poems are usually written in. However, from our meeting, you all seemed very clear on how the leavers poems should be written and I respect that this tradition means a lot to you and is one that you wish to continue. As we can't all meet for an assembly this year, once you have written your poem, I plan for you to film yourself reading the poem so that the poem can be shared with your peers. If you have any questions about how to write your poem/ the style that it should be written in, please send me a comment on Goggle Classroom and I will pass on the message to the rest of Year 6 to make sure that we are keeping the poems in the style that they are usually written in.

Maths

This week we would like you to visit the link: <https://whiterosemaths.com/homelearning/> and watch the video. Then, work through the activities on the sheet (You will find these in Google Classroom) and then check your work. We don't expect you to print the worksheets off, but it would be useful for children to show their workings and then check their answers.

Alongside these White Rose Hub activities, don't forget to use the following websites (using your individual logins) to practice other basic skills: Times Tables Rock Stars, Numbots and Education City

Monday

White Rose Hub: Activity 1

Tuesday

White Rose Hub: Activity 2

Wednesday

White Rose Hub: Activity 3

Thursday

White Rose Hub: Activity 4

Friday

White Rose Hub: Activity 5

Spellings

There are two main ways in which you can practice your spellings:

- Spelling Frame: <https://spellingframe.co.uk/> (Finish any rules you haven't yet completed)
- Learn the words on your spelling list (see information below) in fun ways, including: Look, cover, say, write, check, Rainbow writing, Bubble writing, Backwards writing, Pyramid writing, Silly sentences or Mnemonics

To find your year group's statutory spellings, Google: Year 5 & 6 Statutory Word List

Reading

As you all know, reading is very beneficial to your education and nothing is better than escaping into a good book. The expectation is that you are reading for **at least 30 minutes per day**. When you have finished reading, ask an adult to ask you some questions about what you have read.

Additional to this, you could visit the following websites:

- Bug Club, www.phonicsplay.co.uk, Education City, Oxford Owl, Accelerated Reader

For your reading task this week, we would like you to find the text in your Google Classroom that has been uploaded for you. Read the text carefully and answer the questions.

Learning Challenge Curriculum/Topic Work

Your key learning question is:

What would a journey through the body look like?

This key learning question will last for the whole half term. We would like you to create a project based on this key question to show what you have learnt and found out about this topic. Read below for different ways in which you could carry out your project, based on your interests:

If you like Art:

- Draw a diagram of the digestive system and label the key parts.
- Draw and label a diagram of the human mouth showing the different teeth and their different functions.
- Create a comic strip showing the journey of a piece of food through the body.
- Draw and label food chains showing producers, predators and prey.
- Draw diagrams of jaws and teeth of different creatures (e.g. herbivores and carnivores).

If you like reading and writing:

- Write a non-fiction piece describing the human digestive system.
- Write a story about a journey through the human body! What would you see? What organs would you pass through?
- Describe the function of each organ in the digestive system.
- Identify and describe different food chains in nature. What do predators have in common? What do prey species have in common?

If you like researching and presenting:

- Create a digestive system activity sheet for children to complete (think about what activities and puzzles you could use to teach others about this subject).
- Make a Powerpoint presentation to show the journey of food through the body.
- Research the differences between digestion in herbivores (plant eating) and carnivorous (meat eating) animals.

If you like making and designing:

- Make a model of the digestive system.
- Make a model of an organ from the digestive system.
- Make a model of a mouth.
- Look at the digestive systems of different animals. Design your own creature and label the digestive system.

Free Online Resources:

Name of Resource	Overview/Notes	Website address/Hyperlink
------------------	----------------	---------------------------

Times Table Rock Stars		Continue to encourage the children to complete regular practice of their multiplication and division facts.	https://trockstars.com/
Numbots		For Reception and Key Stage 1 to build basic skills and number facts practice.	https://numbots.com/
Spelling Frame		Spellingframe includes all the words - both statutory and the example words - from the National Curriculum for Spelling for Year 1 to Year 6. Choose a spelling rule and each word is read aloud and provided within a sentence for context. Different games to help with practice.	https://spellingframe.co.uk/
Manchester Children's University		Useful information and resources about a range of different topics. The history and science resources are especially useful if completing topic-themed projects.	https://www.childrensuniversity.manchester.ac.uk/
Teach Your Monster to Read		Covers everything from letters and sounds to reading full sentences. Complements all synthetic phonics programmes used in schools. Computer version is 100% free.	https://www.teachyourmonstertoread.com/
Phonics Play		Practice letter sounds and phonics using the simple games and activities on this website.	https://www.phonicsplay.co.uk/
BBC Bitesize Primary		A vast bank of resources for the full range of subjects. Includes information slides, video clips, games and interactives.	https://www.bbc.co.uk/bitesize/primary
Oxford Owl		Lots of different learning resources to support home learning, including a full range of Oxford Reading Tree e-books that can be read on tablets and computers.	https://www.oxfordowl.co.uk/
Scholastic		An American site, so organized into grades rather than year groups. However, there are daily	https://classroommagazines.scholastic.com/support/learnathome.html

		activities which involve reading a text and completing some activities.	
Top Marks Education		Games and activities to support learning in different subjects	https://www.topmarks.co.uk/
Doorway Online		Doorway Online is a collection of free and highly accessible educational games that learners will find easy to use independently. Each activity has a range of accessibility and difficulty options. Originally developed with funding from Scottish Borders Council, it is now managed by the Doorway Accessible Software Trust, a Scottish charity.	https://www.doorwayonline.org.uk/
Britannica Visual Dictionary		A great site to support the development of children's vocabulary as part of their reading and 'word catching'.	https://kids.britannica.com/kids/browse/dictionary
Scratch Junior		Coding activities for children to develop their computing skills. Site has different projects for the children to complete and is available on computers and tablets.	https://scratch.mit.edu/
Corbett Maths		Key Stage 2 resources for maths. Differentiated worksheets, 5-a-day maths sheets and questions, as well as video clips of tutorials for questions that need more support. Can search for questions by topic.	https://corbettmathsprimary.com/
